**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I said NO to constant price hikes. Broadband internet is vital to my business. Before Sonic there were only two substandard choices with Comcast and AT&T.

I love my Sonic internet. The technology they use is beyond what is offered by the large commercial companies. Without this competition, there is no reason to offer better service.

They treat me like a human being and the service is consistent. Im proud to be a customer.

As a US consumer, I require this choice for my internet provider.
